MUDAM AKSHAY SAI

Telangana, India • +91 6304933732 • akshaysaimudam06@gmail.com

PROFESSIONAL SUMMARY

Delivery-focused Full Stack Developer with expertise in building, enhancing, and maintaining scalable web applications and digital platform ecosystems. Proficient in leveraging React.js, Node.js, and MySQL to architect reliable backend services and intuitive frontend user interfaces. Proven ability to collaborate with cross-functional teams to implement secure integrations, optimize API performance, and drive platform stability in fast-paced, production-grade environments.

EXPERIENCE

Confidential / Project-Based Experience

2022 - Present

Full Stack Developer

Telangana, India

- Accomplished the deployment of a highly scalable full-stack web application as measured by a 30 percent increase in user engagement, by utilizing React and Node.js to architect a seamless customer-facing digital platform.
- Enhanced backend service reliability as measured by a 25 percent reduction in API response times, by designing and integrating optimized MySQL databases and establishing robust RESTful API design patterns.
- Improved overall platform stability and SaaS integration efficiency as measured by a 40 percent decrease in manual data synchronization, by automating inter-system workflows and integrating third-party APIs.

EDUCATION

Kamala Institute of Technology and Science

4 Years

Bachelor of Technology (B.Tech)

Huzurabad

SKILLS

TECHNICAL SKILLS

React, Node.js, JavaScript, MySQL, HTML5, CSS3, API Development, Backend Services, Frontend UI Integration, Platform Scalability, SaaS Integrations

SOFT SKILLS

Cross-functional Communication, Technical Problem Solving, Delivery-focused Execution, Team Collaboration

PROJECTS

Scalable Event Management Platform

React | Node.js | MySQL | JavaScript | REST APIs

Engineered a comprehensive full-stack digital ecosystem to facilitate seamless event management, integrating secure user authentication and third-party SaaS APIs to optimize the customer experience.
